

RoHS COMPLAINT

A technical line drawing of a building's cross-section. The drawing shows a multi-story structure with a flat roof. Two vertical dimensions are indicated: a total height of 36.2 on the left side, and a lower height of 31.2 on the right side, both measured from the base to specific horizontal lines. The building features a series of rectangular windows on the upper levels and a solid base level.

A technical drawing of a component. It features a vertical line on the left with a dimension of 8. A horizontal line extends from the top of this vertical line to the right, with a total dimension of 80.5. The bottom of this horizontal line is marked with a dimension of 5. The component itself is a rectangular base with various protrusions and a stepped profile on the right side.
